The Boat Club of St John's College is known as Lady Margaret. Confused? According to rumour, the name Lady Margaret was apparently adopted after the St John's Boat Club was banned from operating under that name. The truth is probably more to do with the club being named after their boat, as was custom in the formative years of college rowing, and that the St Johns boat club merged with LMBC, just as our three separate boat clubs combined to make First and Third. LMBC are the arch-rivals of First and Third, a rivalry best symbolised by the traditional stomp, a confrontation between the clubs that takes place every morning of the Lent and May Bumps.
